Circuit Judge Husbands, of Paducah, has declined to honor a requisition signed by W. S. Taylor as Governor.

The government, by bills to be passed in congress, will change the spelling of Puerto Rico to Porto Rico.

A little more ginger, gentlemen, in Bill Taylor's case. His hosiery joke has been humored about long enough.

The State contest Board is hearing the end of the tiresome task of reading the mass of testimony taken before the Legislative committees.

Roland B. Molineux, a son of Gen. Molineux, of New York, has been convicted of murder and sentenced to die in the electric chair March 26. His victim was Mrs. Katherine J. Adams.

The National Democratic Committee will meet Thursday to name a place for the National convention. Milwaukee has put up \$100,000 and is likely to get the convention, unless some other city makes a better bid.

Col. James Andrew Scott is preparing a defense of the Goebel election law, which will be published this week. It will correct many of the false impressions made by mendacious newspaper publications as to its import and workings.

The Senate Saturday adopted the committee report allowing Huntsman, Republican, to retain his seat contested by Simmons, Democrat, in the Bowling Green district. The committee was composed entirely of Democrats. The vote was unanimous.

Mr. Clem W. Huggins has written another letter reiterating his charge that Dr. T. T. Eaton said in his presence that Gov. Goebel ought to have been hanged, or words to that effect. Dr. Eaton denies that he said the exact words attributed to him, but has not yet explained what he did say, although he admits that he discussed the Governor's death in Mr. Huggins' hearing.

Gen. Kelley-Kenny is said to be in hot pursuit of Gen. Cronje's army of 10,000 Boers near Bloemfontein. The new hero is liable to lose one or both of his names if he chases the wily Boer too far. Gen. Warren crossed the Tugela with but slight resistance, but a great many of his men crossed over who never got back to the south side of the stream.

Senator N. W. Utley, the able young Senator from Lyon county, leaped into prominence as a leader before he had been in the Senate thirty days. He will be heard from in the future in higher places than his present office. He is not only talented and well informed but is the handsomest member of the Senate.

The General Assembly on Saturday adjourned at Louisville to meet in Frankfort yesterday. Gov. Beckham and all of the Democratic leaders went to Frankfort Saturday night and the Governor is occupying the rooms in the Capital Hotel for many years occupied by Gov. Goebel. The Republicans will resume their places in the regular bodies and Taylor's body guards will be kept in the back ground. The only conflict of authority will be in the Senate between Lieut. Gov. Carter and Mr. John Marshall, the Republican claimant for the same position, but as both are gentlemen some agreement will probably be made pending the final decision by the courts.

The Louisville grand jury investigated Whallen's cock and bull story about Senator Harrel and very properly passed it by without notice. The charge that Senator Harrel obtained the \$4,500 bribe that trapped Whallen under false pretenses was not sustained and no indictment was returned. Senator Harrel, who was held over by Judge Buckley under a \$1,000 bond, is no longer accused. Whallen will be indicted again at Frankfort in April, as the first indictment was withdrawn, being defective. The bribe money has been returned to Whallen under an order of delivery, but he was required to give bond for it.

In order to properly appreciate the "relief" of Kimberley, over which all England is jubilating, it must be remembered that Kimberley is on British territory. The ease with which the "relief" was accomplished leads to the suspicion that the Boers merely withdrew to allow Gen. French's army to get in position to be bottled up like Gen. White's at Ladysmith. Gen. French will doubtless find that it was easier to get in that it will be to get out, unless somebody else is sent to "relieve" him.

Contrary to expectation Judge Castrill did not grant the injunction against Taylor Friday, but the case was again postponed by agreement and it is probable that the several cases bearing on the contest will all be consolidated and a test case passed at once to the Court of Appeals. Unless an agreement of this sort is made by tomorrow, the case in Judge Castrill's court will be called at Frankfort Friday.

Persons in Vanceburg, Owensboro, Maysville and Frankfort were warned to keep away from the capital buildings on Tuesday, January 30, 1900, because it would be dangerous, as Senator Goebel and others were to be killed on that day. —Western Argus.

Tetter, Salt-Rheum and Eczema.

The intense itching and smarting incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sore eyes. 25 cts. per box. For sale by R. C. Hardwick.

It's wrong to flirt, but it does not seem so to those who are engaged in it at the time.

Frequent Coughing.
inflames the lungs. Foley's Honey and Tar stops the coughing and heals the lungs. The ordinary cough medicines which are simply expectorants, will not do this, as they keep the lungs irritated in throwing off the phlegm. Sold by A. J. Ferguson & Co.

Resolutions of Respect.

Whereas, on February 6, 1900, God called our beloved sister Mrs. Mary A. Walker, from her life's work here to the higher service above. She was widely known as a faithful worker in the Master's vineyard. Being so long preserved and so mercifully upheld was not only a source of gratitude to her but to us. It is not often that a church is called to sorrow over the departure of such a venerable member. She whose great delight was in church work and whose very presence lent joy and sunshine to all around her.

Therefore be it resolved first that in the death of our aged sister, who has been a consecrated member of the church for more than forty years, we be not deaf to the admonition to prepare to meet our God.
Second. That we bow in humble submission to the providence of God in deepest sorrow, and join our hearts in christian sympathy for the loved ones left behind.

Third. That Ford's Chapel congregation has sustained an irreparable loss. We will miss her wise counsel, her ever ready words of encouragement and helpful friendship, and willingness to lend a helping hand to all good work.

Fourth. That though we miss her sadly and grieve for her sorely we will endeavor to imitate her life. While we linger lovingly over its nobility, its purity, its high purpose, may it inspire us to greater deeds of love and a deeper consecration to God's service.

Resolved further. That these resolutions be spread upon the church register, and sent to the South Kentucky Missionary, and the county papers for publication and further that copies be sent to the family of the deceased.

REAL WINTER
Experienced During Past Few Days—Sleighb, Skating, Coast-ing.

Snow fell Thursday night to a depth of six inches, and in many places it was badly drifted. Early Friday morning the mercury begun to drop rapidly and by Saturday nine below zero was registered. This is the coldest weather experienced in this section since last February, when on Monday, the 13th day of month, the government thermometer showed 17 below, and many other instruments registered as low as 32 below.

Last season about this time Hopkinsville experienced a coal famine, and there was much suffering in consequence, but at present there is plenty of fuel and no occasion for a similar state of affairs.

Sleighb has been good for several days, and coasting parties have had much enjoyment. Skating has also been excellent and this form of exercise has been indulged in by hundreds who enjoy the sport.

Nearly all the ice houses had been previously filled and very little of this "crop" of congealed water was gathered.

An Editor's Life Saved by Chamberlain's Cough Remedy.

During the early part of October, 1896, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expel something which I could not I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.—B. The Best Medicine for Rheumatism.

"I think I would go crazy with pain were it not for Chamberlain's Pain Balm," writes M. W. H. Stapleton, Hermine, Pa. "I have been afflicted with rheumatism for several years and have tried remedies without number, but Pain Balm is the best medicine I have got hold of." One application relieves the pain. For sale by R. C. Hardwick.

Play the races and you have nothing but money—in your dreams.

For The Babies.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus, depriving that disease of all dangerous consequences. Sold by R. C. Hardwick.
